Recorded by	Internal Audit - transcript of meeting recording

Transcript

[00:00:15] Internal Audit (M. Iyer): This is the walkthrough of control P2P-04, vendor bank-detail changes, on 14-Oct-2026. We will trace VCR-2026-0389 for Sri Murugan Castings, vendor 100458.

[00:00:40] K. Lakshmi (Finance Controller): I'm the control owner for P2P-04. The risk we are guarding against is vendor impersonation - someone pretending to be a vendor and getting our payments diverted to their account.

[00:01:05] K. Lakshmi (Finance Controller): SOP-FIN-012 version 3.0 is the version in force. The CFO approved it on 2nd June.

[00:01:38] R. Karthik (MDM Lead): Requests come in by email or post. The MDM Executive prepares the VCRF and attaches the request letter and the cancelled cheque.

[00:02:10] Arun P (MDM Executive): For this one the request came by email from a gmail.com address, with the letter and the cancelled cheque attached.

[00:02:52] Arun P (MDM Executive): My check is that the letter and the cheque are there. Once they're attached, I go ahead.

[00:03:20] Internal Audit (M. Iyer): Did you compare the name on the cheque with the vendor name in SAP?

[00:03:31] Arun P (MDM Executive): No, the SOP doesn't ask for it. I keyed the vendor name as the account holder.

[00:04:10] Arun P (MDM Executive): Then I updated the bank details in XK02 myself the same afternoon and filed the VCRF on DMS.

[00:04:46] S. Prakash (SAP Basis): Bank fields were taken out in 2023 from the sensitive fields list and were never put back. No separate approval in SAP - the change is payable immediately.

[00:05:36] Divya S (Accounts Payable): Sri Murugan Castings was paid on 18th in the Friday run. I did one change in September as well, for Annai Fasteners, when MDM was short-staffed.

[00:06:10] Arun P (MDM Executive): When Divya is on leave, I cover payment runs.

[00:06:56] R. Karthik (MDM Lead): Every Monday I export the change report to Excel and delete rows that are not relevant before I send it. I don't keep the original extract.

[00:07:37] K. Lakshmi (Finance Controller): For bank changes I check it's attached on DMS. I trust Karthik's extract; I don't re-run it or check the count.

[00:08:05] K. Lakshmi (Finance Controller): If something looked wrong I would ask AP to hold the payment, but there's no fixed timeline and it isn't written down.

[00:08:42] K. Lakshmi (Finance Controller): We keep both for eight years - the VCRF on DMS and the signed review email.
